

TEXT MINING
FOR
HISTORY & LITERATURE
or

Research Methods for
Computer-assisted Scholarship

being for those who would apply
new *technologie* to old *wordes*.

By D. MIMNO

What does it mean to treat *TEXT* as *DATA*?
What can we learn about the past using computation?
Covers: Classification, Clustering, Topic Modeling.

Taught MWF 11:15-12:05. INFO 3350/6350.

Satisfies MQR requirement.

Experience in *PYTHON* useful but not required.
